

Come back to love...

Those who have left the church often say that their conviction on their belief in God and the Bible has never faded. But they have fallen away from those who wish to encourage their walk with God and often times feel like they are trying to do it all alone. Coming back to church can help encourage you that you aren't all alone. There are many just like you who wish to draw closer to God and to one another. Why don't you come this Sunday and re-discover the love and support a body of believers can bring. We would love to meet you.

Heights
CHRISTIAN CHURCH

When was the last time you went to church?

Heights
CHRISTIAN CHURCH

Love God, Love God's People, Love Serving God

Most people have been to church at some point in their lives. It has been estimated that nearly 80% of all people in the United States have, at some point, attended church. So chances are you've been there before.

Many people have fond memories of church, but jobs, school, family and other activities have crowded out their church involvement.

Even to the point that they are lucky to come on Christmas and Easter.

Yet many people also site how important the church was in helping to form values in their lives and long to have that same influence guiding the next generation.

Whatever it may have been that took you out of going, it is never too late to go back!

What we're about...

At Heights Christian Church, we are about three things.

We are a people who **LOVE GOD**.

We are a group just like you who desire to know God better and love Him better everyday. Every Sunday we meet together at 10:30am to worship this God whom we serve. It is encouraging to know that we aren't the only ones wanting to live this life. You'll be moved and encouraged to love God more through the worship, the testimonies, the prayers and the study of God's word.

We are a people learning to **LOVE GOD'S PEOPLE**.

The church service is great, but isn't a good way to really know people. And the church is made up of people. Therefore, we meet each week in a number of small groups that help us get to know one another. We laugh and cry together, pray for one another ... basically share our lives with one another. Here more than anywhere, we realize we're not alone or forgotten.

We are a people who **LOVE SERVING GOD**.

We believe that God wants to use each one of us to make a difference in the lives of others for Christ.

Whether it's teaching children, helping the homeless, serving the elderly of our community, working on

cars for single moms, or ministering in other countries, we believe that God wants to use each of us as the hands and feet of Jesus to a hurting world that needs His touch. Often times, we are surprised to find that we are the ones who grow the most through these experiences.
